Varun Verma

Actively Seeking Full-Time Opportunities For September 2019

Summary

Front End Developer

I have always been a geeky enthusiastic kid from the start when I stepped up into the web applications world, the working and wonders of development and designing lured me into pursing and exploring more about web development.

Specialties:
- Web design and development experience using HTML, HTML5 CSS, SQL,MongoDB, nodeJS, AngularJS,ReactJS, JavaScript, jQuery, ASP.NET, C#, PHP, SQL Stored procedures and Triggers.
- Computer peripheral hardware and software troubleshooting.
- Programming languages experience in C, C++, C#, Java.
- Experience with web server Apache XAMPP.
- Excellent knowledge of WordPress.
- Experience in graphic designing using Adobe Photoshop.
